ARMISTICE IS ASKED BY TURKEY

Application Made Direct to
Bulgarians Is Report in
Constantinople

RUSSIA TO AID AMERICANS

No News From Tchatalja
Lines Where Battle Has
Been Raging

LONDON, Nov. 12.—There is no news tonight, either from Sofia or Constantinople, as to how the great battle at Tchatalja is going. The silence may imply that the Turks are making a better defense than had been expected. On the other hand, it is rumored that Turkey is asking Bulgaria to arrange an armistice.

In the other fields of operations the progress of the allies is slow. The Serbians and Greeks have not yet reached Monastir, where, it is reported, Ali Riza Pasha, the former Turkish minister of war, has 50,000 troops prepared to offer a vigorous resistance. The Montenegrins have suffered a setback in their prolonged efforts to capture Scutari, largely because of the defection of the Mallesori tribes, who demand guarantees of Albanian independence. The Greek advance in the direction of Janina also appears to be retarded. It is probable that weather conditions have much to do with the slow progress.

In the diplomatic field, no fresh development is reported. Important conferences continue in Budapest, where the former premier of Roumania, P. P. Carp, arrived today with a letter from King Charles to Emperor Francis Joseph.

In most of the European capitals a more hopeful feeling is displayed that peace will not be disturbed by the Austro-Serbian difficulty.

Porte Asks Armistice.
CONSTANTINOPLE, Nov. 12.—The Porte has applied direct to Bulgaria, seeking to arrange an armistice, according to the reports current in the capital today.

An open letter, written by Prince Seba Heddin, and addressed to the sultan, is published in the form of a pamphlet and sold in the streets. The proceeds will go to the benefit of the Red Crescent society and the pamphlet has been bought eagerly. The prince says in substance that the enemies of the country are not the Balkan states, but "ourselves, who have proved incapable of governing the country. If we take a lesson from past errors, then there is hope of improvement."

Seventeen soldiers and one officer, who fled before the enemy at Kirk-Kilissen, were executed this morning in the outskirts of the city. The death sentence has spread panic among the troops.

Americans Are Safe.

WASHINGTON, Nov. 12.—A landing force of at least 2,000 men is now available from the international fleet in the harbor of Constantinople, and could be instantly sent ashore should a Moslem outbreak endanger the lives of foreigners in the Turkish capital. Any anxiety felt for Americans has been dispelled by assurances today that Russia will assume responsibility for the safety of all citizens of the United States.

There are at present in the harbor of Constantinople 11 warships—two British, two Russian, two French, two Italian, two Austrian and one German—in addition to those regularly maintained there by the different powers.

Another German vessel, a Spanish and a Dutch vessel, as well as two Italian hospital ships, are expected to reach Constantinople tonight or tomorrow.

Communication with the cruisers "Albatross" and "Montana," which left Philadelphia today for Turkish waters, will be maintained by the new wireless station at Arlington.

Bulgarians Reach Tchatalja.

SOFIA, Nov. 12.—The Bulgarian troops reached the Tchatalja lines Sunday without encountering resistance, according to a late official dispatch.

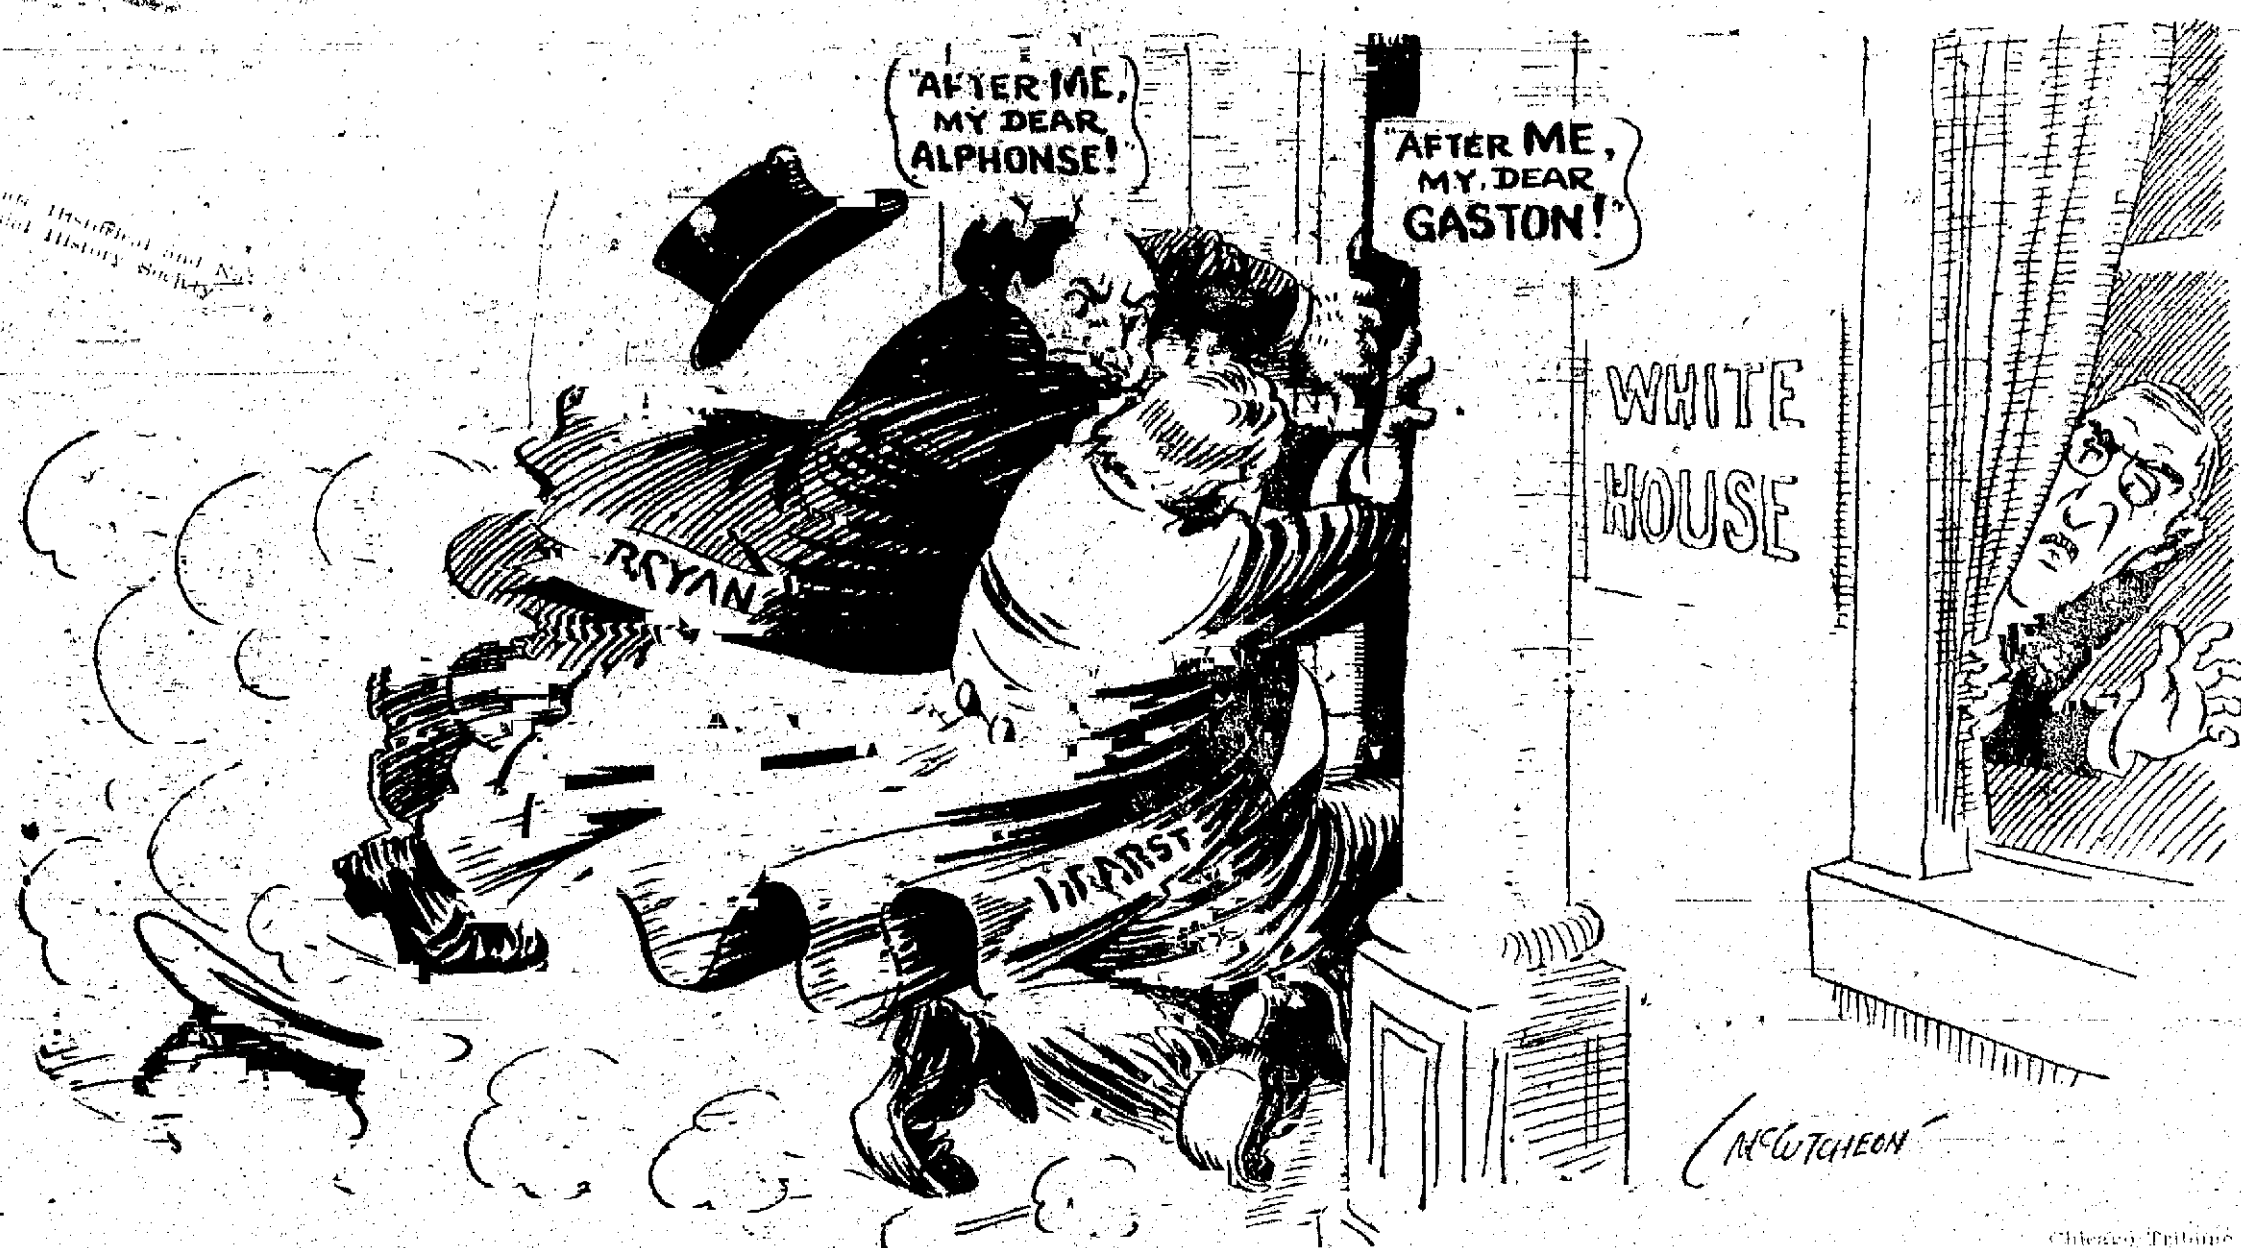

The Bulgarians, it is officially announced, have occupied the towns of Hadosto, Broditi, Silivrit and Midia. The second Bulgarian army is drawing.

(Continued on Page Two.)

FOUR FRESHMEN BADLY

HURT IN BLANKET GAME

Four freshmen at Colorado college are nursing more or less serious injuries as the result of a tossing "bee" held by the sophomores and several upper classmen Monday morning. Harry Nathan of Alamosa sustained a fractured ankle, Frank Kim, a Korean attending college, had several lacerations in his shoulder, and Archie Smith and Max Davis were injured on the neck by the blanket affair. The students were tossed into the air in the blanket, and those in charge failed to hold it tight when they descended.

THE FIRST CALLER

OFFICERS U. S. ARMY SOLVE DEFEAT ONCE INVINCIBLE TURK

False Economy and Poor Administration Are Responsible for Present Showing

WASHINGTON, Nov. 12.—The secret of the almost complete failure of the supposedly invincible Turkish army is not far to seek, in the opinion of officers of the general staff of the United States army. False economy and poor administration are said to tell the story.

The American tactical experts have welcomed the opportunity to drop purely theoretical and academic "paper war" problems which largely engage their attention in time of peace, for the study of the tremendous military events in the Balkans. Some of the officers have served as military attaches or as observers at the great military maneuvers held in the very country which now is the seat of war.

"In the days of Sultan Abdul Hamid," a member of the general staff

said today, "the Turkish army would have swept away the allied forces like chaff before the wind. Far sighted that monarch had availed himself of the German seeking to sell Krupp guns to the Turks and to secure certain railway and trade concessions to train the Turkish army on the German system."

German Training.

Not only were the German military schools thrown open to Turkish officers who eagerly embraced the opportunity by hundreds, but German officers went to Turkey to instruct the sultan's soldiers. At their head was von Der Goltz, one of the foremost soldiers of the world and afterwards a field marshal in the German army. So effective was his work that, according to military experts, the Turkish army, fighting on its own ground, practically was invincible.

"Then came the downfall of the sultan and the new regime in Turkey. There was a feverish desire to develop the country materially and the liberal supply formerly allotted for the army was diverted to the improvement of roads and to the construction of public works on a large scale."

"The German instructors were dismissed and a more serious error, because of their loyalty to the deceased Abdul Hamid, the young Turkish officers, educated in German schools and methods, were driven off."

Disorganization Began.

"Naturally, disorganization began and with few exceptions there were not many capable and competent officers in the army. Economy was the

(Continued on Page 10.)

Roosevelt Is Ahead in Cal. By 10 Votes

SAN FRANCISCO, Nov. 12.—Theodore Roosevelt lost his plurality in California for about 30 minutes tonight and then regained it as additional official returns came in. When he again appeared at the top of the column, it was with 10 votes margin over Woodrow Wilson. For half an hour Wilson was credited with being 13 votes ahead.

The difference was made in the official count of Sierra county, which gave Roosevelt 25 more votes than the unofficial count.

The total vote at 10 o'clock stood: Roosevelt 232,042; Wilson 232,032.

CAPPER IS ELECTED GOV. OF KANSAS BY 53 VOTES

TOPEKA, Kan., Nov. 12.—Arthur Capper, Republican, is elected governor of Kansas on the face of reported complete official returns this afternoon. His plurality over Hodges, Democrat, is 53. It is the closest race for office in the state's history. Hodges does not admit defeat, but still claims a majority of 50. He will undoubtedly contest Capper's election before a Republican canvassing board and later before a Democratic state senate.

MORE REQUESTS FOR PART OF CITY CASH

Mayor Doesn't See How He
Can Make Both Ends Meet
at Present Rate

With no relief in sight by commissioners assenting to the enactment of ordinances suggested by Mayor Avery for reduction of the excess of \$95,496 of estimated expenditures for 1913 over the estimated revenues, in compelling public utility corporations and educational institutions to pay for special privileges, and with petitions being presented for additional appropriations of thousands of dollars from the heavily overdrawn estimated revenues, the mayor and the commissioners are in daily conference over one of the most perplexing financial problems that ever has confronted the city administration.

The problem resolves itself either into a proposition to reduce the estimated expenditures of the departments within the limits of the revenue to be derived from the 20 mill levy, or to enact the ordinances taxing the public utility corporations and the educational institutions for special privileges granted them.

Demands Exceed Money Supply.

When the commissioners representing the various city departments presented their increased estimated expenditures to Mayor Avery, he reminded them of the limitations of the revenue under the 20 mill levy, necessitating either a reduction in their

(Continued on Page Three.)

PROGRESSIVES ASK RECOUNT OF VOTE

DENVER, Nov. 12.—Papers were prepared by attorneys for the Progressive party today to be filed in the county court, this afternoon asking a recount of the ballots cast in the election of November 5.

"The petition sets forth that the election commission caused to be printed at the top of each ballot: 'If you have voted a straight ticket above and place a cross mark (X) opposite any name below. Such cross mark (X) will be counted for that candidate and the vote cast for the candidate on the straight ticket for the same office will be not counted.'"

"This was the final word of instructions to the voters, say the Progressives."

George Allen Smith, member of the election commission, was at the telephone practically all day long election day, the Progressives allege, giving instructions to the election judges in practically every precinct in the city that the cross marks against a candidate's name should not be counted unless a straight line had been drawn through the name of a corresponding candidate on the straight ticket voted. The (X) in such a case should be disregarded and the straight ticket candidate credited with the vote according to the information given the judges by Smith, declare the Progressives in their petition.

"By this means the Progressives were deprived of at least 2,500 votes which went to the Democrats, thus making a difference of 5,000 in the totals," said Secretary Philip Van Cise of the Progressive campaign committee of the county, this morning.

SCHRANK PLEADS GUILTY; WILL INVESTIGATE MENTAL CONDITION

Would-Be Slayer of Colonel Roosevelt in Milwaukee
Will Not Be Able to Escape Punishment

MILWAUKEE, Nov. 12.—John Schrank, pleading guilty today of attempting to murder Theodore Roosevelt, did not receive the quick dissolution of his case he had looked for. Instead, on motion of District Attorney Zabel, Municipal Judge A. G. Backus appointed five alienists as a commission to act as a part of his court in determining the would-be slayer's mental condition.

The court's action was new in Wisconsin procedure. In his charge to the commissioners, the court explained to them why they were sworn as part of the court, instead of the customary procedure of receiving only their report under oath.

"I have determined," the court said, "upon this course because of the chronic condition evoked by jury trials of insanity. I have noticed that in such trials the medical witnesses for the prosecution are matched by medical witnesses for the defense in contradictory opinions that leave the lay minds of the court and the jury more confused than before."

James G. Flanders, an attorney appointed to represent Schrank in the sanity inquisition, had two brief talks with his client.

Asked if Theodore Roosevelt would be summoned by Schrank, Attorney Flanders said it was not likely, as there probably was little light to shed on the mental condition of his assailant.

The court's instruction was that the determination by the commission should be as to Schrank's present mental condition. This, it was admitted by the court and prosecutor, was that no cloud should be thrown upon the warrant and charges under which Schrank was arrested.

Denver Women Ask

Place in Cabinet
Pres-Elect Wilson

DENVER, Nov. 12.—At a meeting here today of the Why club, an organization of prominent business and professional women, a movement was launched to have a woman appointed to the cabinet which President-elect Wilson will name.

Mrs. Henry Green, as secretary of the treasury, was a popular choice of the members.

The club met for the purpose of celebrating the entry of four new states into the column of woman's suffrage. Mrs. Mary C. C. Bradford, elected state superintendent of instruction at the recent election, declared that women now had a far more enough vote to be entitled to a place in the cabinet.

Among others who were suggested for the place of secretary of state were Mrs. E. H. Harriman and Mrs. Russell Sage. Miss Ellen Withers, a leading land attorney of Denver, was mentioned as a candidate for secretary of the interior and Misses May Lathrop and Gail Laughlin for attorney general.

At the next meeting of the club a nationwide movement will be planned to try to bring about the appointment of a woman to the cabinet.

The procedure will be that if Schrank be found mentally unsound, he, standing beneath a plea of guilty of attempted murder, would be held as an insane criminal until he recovers. If he does recover, when the punishment based on his plea will be named by a court of concurrent jurisdiction, just as though there had not passed an interim in which Schrank was held as insane.

The court made it clear that the assent of the former president would not be the sanity commissioner's finding, but in a position to escape sentence under his plea of guilty or sentence under a jury determination of it at a future date, sanity having been required, Schrank should demand a jury trial and be found guilty.

LABOR LEADERS PAY

RESPECTS TO BURNS

Resent Inferences to "Higher
Ups," McNamaras In-

sane or Criminals

ROCHESTER, N. Y., Nov. 12.—The second day's session of the convention of the American Federation of Labor was occupied almost entirely today with the reading of the report of the executive council.

In it William J. Burns was mentioned as an example of his own characterization of private detectives, and the investigation of the federation since the McNamara trial was declared to be a concerted attempt by employers' associations and subsidized newspapers to destroy the federation and bring its officers into disrepute.

First Vice President James Duncan began the report at 10:30 o'clock this morning and, after a two hours' recess for lunch, he concluded at 4:04 this afternoon. More than an hour in the afternoon session was occupied with the section dealing with the McNamara case and Detective Burns.

Other parts of the report recommended that the convention take measures to aid in the movement to abolish home work, and referred to the conservation of natural resources as a measure in which labor should participate.

Boy Scout Movement.

Part of the report dealt with the boy scout movement. At the Atlanta convention of the federation a resolution was presented denouncing the Boy Scouts of America as breeders of militarism and antagonistic to labor.

The report reviewed attempts by leaders of the scouts to eliminate the features that were objectionable to labor, and recommended that the convention this year refrain from denouncing the movement.

Part of the afternoon session was taken up with a dispute over seating delegates from the American Flint Glass Workers. The delegates were seated by a vote of 177 to 23.

Of the McNamara case the report said: "The McNamara offense was a social

PREMIER SPAIN SHOT BY A CRANK

Jose Canalejas Assassinated
on Main Thoroughfare
of Madrid

MAN THEN SHOOT'S SELF

Slain Minister Was Leading
Statesman of Spanish
Government

MADRID, Nov. 12.—Jose Canalejas, premier of Spain, was shot today on the main thoroughfare of the capital. He was shot by a man who then shot himself. Canalejas was leading a delegation to the parliament when he was shot. He was the leading statesman of the Spanish government.

PREMIER CANALEJAS.

of Spain, Slain by Assassin.

May 31, 1883. When the king was returning from the palace, after his marriage, the assassin shot him.

Canalejas was shot in the back three times as he was walking to the parliament building. He had stopped to glance into the window of a book store.

This morning he went to the royal palace to submit several decrees to the king. He entered smiling and happy. As an attendant opened the door leading to the street, a strong gust of wind struck the premier in the face, causing him to exclaim, "God!"

"Oh, what a wind! We are going to have a bad day. About an hour later his prophesy was fulfilled. As he stopped for a moment at the shop window, a man darted from a nearby doorway. He ran up behind the premier and fired four shots at close range. Three bullets took effect.

Canalejas sank to the sidewalk. A friend, who was passing at that moment, ran up, crying, "Don Jose! Don Jose!" this being the premier's baptismal name.

The wounded man scarcely had

(Continued on Page Two.)

SPRINGS GIRL WAS NOT

KILLED IN AUTO WRECK

Miss Margaret Gibson, a Colorado Springs girl whose death was reported to have occurred in an automobile accident in Los Angeles last Wednesday, is alive and well, according to telegrams received from her mother yesterday.

Miss Gibson and her mother are on the coast, and a similarity in names connected the Colorado Springs young lady with the tragedy. Miss Gibson is 19 years old, and went to the coast several months ago. At one time she was employed at the old Curiosity Shop, at 25 North Tejon street, and for some season played with a stock company at the opera house.

ASK CITY FOR PARK AT PROSPECT LAKE

Hillside Society Is After Appropriation of \$25,000 for Improvements

Prospect lake will be transformed into a civic center with surroundings of spacious lawns, pretty flower plots and broad driveways through a natural forest of maples, oaks and elms, while on the shore will be erected a large pavilion for public meetings and a boat house for recreation seekers, if plans of the Hillside Improvement association are effected.

The proposition, which would require a municipal appropriation of \$25,000, will be presented today to Mayor Avery by a committee of the association comprising John McCarty, M. A. Boyce, John Poe, M. D. Bills, Horvath and Judge Hammond.

The Prospect lake property, now owned by the city water department, contains 30 acres including 20 acres of natural park with 1,500 trees. The association, in proposing that the city make a city park with permanent improvements, will ask that the entire property be transferred to the jurisdiction of the park commission, or some other department with authority to establish and maintain a civic center.

The lake covers an area of about 50 acres and around its entire circumference there now is a driveway. The association plans the abandonment of this driveway to create greater park area, and the widening of Park avenue abutting the Prospect lake property, to anticipate all traffic requirements.

The committee is optimistic in the outlook for realization of the plans of the association, declaring that the creation of a city park at Prospect lake will be a notable municipal achievement.

Facilities will be provided for boating, swimming and skating, for band concerts, and other diversions for recreation-seekers. The main building will combine a pavilion for public meetings and a boat house. The plan of the proposed park will be modeled after City park in Denver.

(Continued on Page Two.)

MORE REQUESTS FOR PART OF CITY CASH

Mayor Doesn't See How He Can Make Both Ends Meet at Present Rate

With no relief in sight by means of a new assessment, the city of Colorado Springs is faced with the problem of how to meet the demands of the city departments for the part of the city cash which is not covered by the city's own income.

The estimated expenses for the city for the year ending June 30, 1913, are \$1,000,000. The city's own income for the year ending June 30, 1912, was \$200,000. The city's own income for the year ending June 30, 1913, is estimated at \$250,000. The city's own income for the year ending June 30, 1914, is estimated at \$300,000. The city's own income for the year ending June 30, 1915, is estimated at \$350,000. The city's own income for the year ending June 30, 1916, is estimated at \$400,000. The city's own income for the year ending June 30, 1917, is estimated at \$450,000. The city's own income for the year ending June 30, 1918, is estimated at \$500,000. The city's own income for the year ending June 30, 1919, is estimated at \$550,000. The city's own income for the year ending June 30, 1920, is estimated at \$600,000. The city's own income for the year ending June 30, 1921, is estimated at \$650,000. The city's own income for the year ending June 30, 1922, is estimated at \$700,000. The city's own income for the year ending June 30, 1923, is estimated at \$750,000. The city's own income for the year ending June 30, 1924, is estimated at \$800,000. The city's own income for the year ending June 30, 1925, is estimated at \$850,000. The city's own income for the year ending June 30, 1926, is estimated at \$900,000. The city's own income for the year ending June 30, 1927, is estimated at \$950,000. The city's own income for the year ending June 30, 1928, is estimated at \$1,000,000.

(Continued on Page Three.)

PROGRESSIVES ASK RECOUNT OF VOTE

DENVER, Nov. 12.—Papers were prepared by attorneys for the Progressive party today to be filed in the county court this afternoon asking a recount of the ballots cast in the election of November 5.

The petition asks that the election commission be caused to be pointed at the top of each ballot.

"If you have used a straight ticket, above and place a cross mark (X) on the ballot," the petition reads, "such cross mark (X) will be counted for that candidate and the vote cast for the candidate on the straight ticket for the same office will not be counted."

This was the first word of instructions to the voters, saw the Progressives.

George A. Smith, member of the election commission, was at the telephone booth in all day long election day. The Progressives allege, in the instructions of the election judges in practically every precinct in the city that the cross mark against a candidate's name should not be counted unless a straight ticket had been drawn through the name of a corresponding candidate on the straight ticket voted.

The (X) in such a case should be disregarded and the vote according to the straight ticket given the judges by Smith.

By this means the Progressives were assured of at least 250 votes which were won by the Democrats in making a recount of the ballots.

The Progressives will ask the county court to order a recount of the ballots this morning.

SCHRANK PLEADS GUILTY; WILL INVESTIGATE MENTAL CONDITION

Would-Be Slayer of Colonel Roosevelt in Milwaukee Will Not Be Able to Escape Punishment

MILWAUKEE, Nov. 12.—James J. Schrank, 41, pleaded guilty today to the attempt to murder Colonel Roosevelt, and will be sentenced to the state prison for a term of years.

Schrank, who is a native of Poland, was arrested in Milwaukee on November 10, after a chase which lasted for several hours. He was found hiding in a rooming house in the city.

The court's attention was now in Wisconsin, where the case was transferred from the federal court in Milwaukee. The court will now investigate Schrank's mental condition.

The funeral of Mrs. B. C. Stibrid, who died at a local hospital Monday afternoon, will be held at 2 o'clock this afternoon from the residence of her parents, Mr. and Mrs. A. G. Smith, 825 North Weber street. Interment will be in Evergreen cemetery.

HENRY BOLLER DEAD

Henry Boller, formerly of this city, died Sunday at Hillsboro, Ill., as the result of an accident, according to word received yesterday. His body will be brought here tomorrow afternoon. Funeral arrangements being made later. Boller, a head burner by occupation, worked at the Portland mill until about a year ago. At that time he went to Illinois to assist in the building of some smelters, and his death was the result of an accident. Boller was married and was a member of the M. E. church.

NEW ZEALAND STRIKERS ARE ROUGHLY HANDLED

WAIKATO, New Zealand, Nov. 12.—Attended by the insults of strikers, a body of free workers marched to the union hall here today, burst open the door and rushed upon the occupants. A fierce battle ensued in which the strikers were freely used. Police rushed to the scene. A considerable number of strikers were injured, and a number of strikers were severely beaten. After the riot, a mob of free workers, backed some strikers, severely beating them. The strike at the Waikato gold mine has been in progress for some time. The men ask for better pay and shorter hours.

DR. PRICE'S ALGRAIN FOOD

A partial substitute for meat

I'm a combination of Wheat, Oats, Rice and Barley, the most nourishing and economical cereals you can possibly eat. As a body-building and muscle-giving food I am equal to twice my weight in meat—I'm delicious, healthful and invigorating—more than simply breakfast food.
Try me. Your grocer sells a liberal-sized package for 15c—get me today.
ALGRAIN

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its prenatal work the child finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the child may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Local Hotel Men Off to Denver Tomorrow to Discuss New Scheme for Boosting Pikes Peak Region

Adjustment to new conditions arising from recent legislation, the improvement of public highways proposed and in progress, the eight hour law for women, cooperation with the immigration bureau to attract residents to Colorado, and the advancement of the campaign inaugurated by the association to exploit the resources and advantages of Colorado, will constitute the principal proceedings of the annual meeting of the Rocky Mountain Hotel Men's association, which opens tomorrow morning in Denver and will continue until next Saturday night. The business sessions will be held at the headquarters at the Albany hotel.

The Pikes Peak region will be represented by G. S. Elston of the Albany hotel, who last year was the selection of the association for president, but declined because business interests compelled frequent absence from the state; W. S. Dunning of the Antlers hotel, member of the executive committee; J. A. Himebaugh of the Spaulding house, treasurer; H. H. Bussey and J. C. Bussey of the Alta Vista hotel; G. E. Atkinson of the Acacia hotel; C. A. Pollen of the Navajo hotel, Manitou; and E. E. Nichols of the Cliff house, Manitou, and the Metropolitan hotel, Denver.

New Laws Necessitate Changes.

The new eight hour law for women will necessitate in many hotels a re-

MISS BRINLEY WILL LAY CORNER STONE

Program Announced for Exercises at New Y. W. C. A. Building

Miss Ellen T. Brinley, president of the Young Woman's Christian association, and Mrs. Mary T. Hatch, first president of the local association, will lay the cornerstones of the new Y. W. C. A. home, which will be put in place with appropriate ceremonies next Tuesday noon, November 19. Plans for the ceremony are being completed, although the committee in charge has not yet secured the principal speaker for the occasion.

The exercises will open with a procession from the city hall of those immediately connected with the program to the building site, corner of Kiowa street and Nevada avenue. A large platform will be erected for the occasion, and there will be seated there the secretaries, the local board of directors, the West Central territorial committee of the Y. W. C. A., and city officials.

Alexander Pirio has charge of the music, and will be assisted by the choruses from Grace and St. Stephens churches and of Colorado college. Following the ceremonies the party will march back to the city hall.

A banquet will be given by the members of the association in celebration of the cornerstone laying next Thursday night, November 21, at 6:30 o'clock, in the association rooms in the DeGraff building. The gathering is to be informal, and all members are invited.

The list of speakers for the banquet will be N. Van den Arend, architect for the building; Miss Inez Klancy of Denver, secretary of the West Central territory; Miss Ruth Benson and Miss Rhoda E. McCulloch of this city. Music will be furnished by the members' quartet and Miss Winifred Faidley.

The stores will close in honor of the celebration during the hour of the formal ceremonies from 12 to 1 o'clock. At a meeting of the board of directors of the Chamber of Commerce held yesterday this action was recommended and affirmed by a unanimous vote at the monthly meeting of the chamber held last night. A short meeting of the merchants' division of the body was held following the general meeting last night, when action to close the stores next Tuesday noon was taken.

organization in various departments and a readjustment to new conditions. Methods by which the changes may be satisfactorily made to both employers and employees will have considerable bearing upon the meeting.

The association will direct all its influence toward securing the route of the proposed transcontinental highway from New York to San Francisco through Colorado. Plans also will be formulated for assisting construction of the proposed road from Trinidad to Cheyenne, which in any outcome will be a connecting link with other planned routes of the transcontinental highway.

In cooperation with the immigration bureau in attracting residents to Colorado, the association proposes to be active in statewide advancement, supplementing a campaign now in effect by the association to give Colorado wide publicity through the medium of attractive advertising in the principal eastern and southern cities. Thousands of dollars are being spent in advertising with placards in street cars illustrating the diversified industries of Colorado.

Luncheon in Shirley Barns.

Luncheon in the cow barns at the Shirley farm Friday noon will be a unique feature of the social activities of the sessions, and will be given complimentary by the management of the Shirley hotel. It is the boast of the Shirley management that their dairy barns are as sweet and clean as a Puritan kitchen, and they are anxious to back their assertions by inviting visiting hotel men to dine there. The trip to the farm and return will be made in automobiles.

Other social events of the sessions are a complimentary luncheon at the Brown Palace hotel at noon tomorrow, followed by a smoker at the Albany in the evening, a theater party at the Orpheum Friday evening, luncheon at the Savoy Saturday morning, followed by a theater party at the Empress in the afternoon, and the annual banquet at the Brown Palace in the evening.

The annual election of officers will be held Saturday morning.

SPRINGS RANKS FOURTH IN BUILDING OPERATIONS

According to a report issued by the Construction News, a leading building paper, Colorado Springs ranks fourth among the 72 leading cities of the country in the increase of building operations in October of this year over October, 1911. Twenty-eight building permits were issued during the month, calling for an outlay of \$123,831, as against 35 permits in October, 1911, calling for \$44,490. The per cent of gain for Colorado Springs is 194, this city being led only by Atlanta, Ga.; Norfolk, Va.; and Sacramento, Cal. The average per cent of gain for the United States for the same month is six. Denver shows 4 per cent, Salt Lake, 20, and San Diego, Cal., 8. Topeka, Kan., shows a loss of 33 per cent and Lincoln, Neb., a loss of 51 per cent.

Might Be Dead Today

Garden City, Kas.—In a letter from Mrs. James Hamner, of this city, she says, "I firmly believe that I would not be alive today, if it were not for Carqui. I had long been a sufferer from womanly troubles all my life, until I found that great remedy. I feel that I can't praise it too highly. Are you a woman, suffering from some of the troubles, to which a woman is particularly liable? If so, why not try Carqui, the woman's tonic? You can rely on Carqui. It is purely vegetable, perfectly harmless, and acts gently but surely, without bad after-effects. It will help you. Ask your druggist."

St. Paul Autoist Thinks Local Roads are Great

"I'm going to bring a score or more of my friends with me next summer to Colorado Springs just to enjoy your good roads and the beautiful drives that are accessible to autoists in this region," said L. C. Erbes of St. Paul, Minn., yesterday, who is in Colorado Springs on an automobile trip from St. Paul to Los Angeles. He is accompanied by his wife and daughter, and left St. Paul October 14 on a trip which he characterized as "just for the fun of traveling."

"We hear a lot about Colorado Springs as a mecca for auto travelers, and I decided to come out and see for myself," said Mr. Erbes. "The city streets here are as uniform as any city I know of, and Colorado Springs ought to have many tourists here for that reason."

While in the region Mr. and Mrs. Erbes are visiting F. C. Edwards of the Charter Oak ranch, south of Colorado Springs. Mrs. Erbes is a sister of Mr. Edwards.

Y.M.C.A. After 100 New Members in Single Day

"One hundred new members in a day," is the slogan adopted for the most energetic membership campaign in the history of the Y. M. C. A., which will be held next Tuesday. Various committees are at work on the preliminary plans for the campaign, and a big dinner will be given Monday night at the association building, when plans for the affair will be outlined. The boys' department closed a successful campaign recently, and the coming one-day canvass is to be conducted upon a systematic basis.

W. F. BENEDICT MAY BE MADE DEPUTY ASSESSOR

W. F. Benedict, a Progressive, is being strongly backed for the office of chief deputy assessor under R. J. Gwillim. Gwillim has not yet made his appointments, but says that part of the men chosen will be Progressives. S. J. Bryan does not expect to make any announcements as to his appointments as county treasurer until about December 1.

DR. SLOCUM GOES EAST

President W. F. Slocum of Colorado college, who left Sunday night for an extended eastern trip, delivered the principal address at the Founders' day celebration at Lake Erie college, near Erie, Pa., last night. While in Chicago Monday, President Slocum met with the Chicago Alumni association of the college, and a special meeting of the New England Alumni association will be held in Boston next week at his home. President Slocum is in the east in the interests of the increased endowment of the college.

Dr. PRICE'S CREAM BAKING POWDER

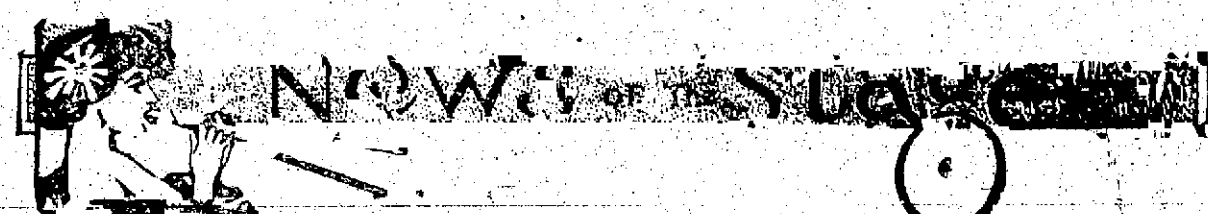

A pure, healthful, Cream of Tartar Baking Powder

When buying an article of food you are entitled to know exactly what you are buying—its quality and ingredients.

If this information is refused don't buy it. Some of the low grade baking powders are advertised, but the ingredients of the powders are scrupulously concealed.

A housekeeper would not use a baking powder containing alum if she knew it.

It is well when buying to examine the label on the can. Unless it shows the ingredient cream of tartar, don't buy it. Dr. Price's baking powder is absolutely free from alum.

THE BURNS NEWS NOTES

To see the best in the best way you have to go to the Burns. Our patrons know that this is not a boast. Greater care for the comfort of patrons is impossible. Better plays cannot be obtained. Our scenery is a pleasure to all, always something new and up-to-date. Stage settings are faithful to the original detail. A better representation of places than the Burns players have never been seen in this city. The Burns is a family theater. The most fastidious can rely on the character of every presentation. The music at the Burns is a feature. It's the best. We are offering this week "Speed," a package of comedy, with all the

Once more we wish to remind our patrons—our rule for the Burns plays is for prompt curtain at 8:30 p. m. and Saturdays at 2:30 p. m. Be on time and enjoy the opening overture and all the play. You can be home in good time this week. Final curtain will not be later than 10:30 p. m. A lady from Ramah, Colo., writes us that she has not missed a week since the Burns opened, and to please save her four of our best seats for every Saturday matinee, which speaks some strong for the Burns players.

DAVID BELASCO'S "THE WOMAN"

The name of David Belasco is synonymous with the highest achievement in dramatic art, whether he is considered as an author, adaptor, pro-

ducing the inside workings of the professional "machine," politicians in Washington. Mr. DeMille has written a masterpiece, brimful of brilliant satire and epigrams, revealing to the life the national struggle now existing between the "regulars" and "insurgents," and laying bare with photographic reality the many agencies invoked to further their purpose, be that purpose legitimate or otherwise.

David Belasco, who never does anything by halves, has staged this play in a manner worthy of his reputation as a producer.

This story is told thus:

A clique of professional politicians and grafters, with railroad interests at their back, headed by one Jim Blake of Illinois, leader of his party in congress, are determined to secure the passage of the "Mullins" bill, an insurance which virtually legalized over-speculation and permitted the interests to defraud the public. The chief opponent to the bill is Matthew Standish, leader of the insurgents, a man who has succeeded in drawing the attention of the entire nation to the purport of the bill, and who thereby raised such a wave of public indignation that many of the regular line followers are afraid to vote in favor of it. They find it necessary, therefore, to force Standish to withdraw his opposition, which he refuses. Their next move is to assail his character; his political record is spotless, but, while delving into his social career, discover an amor in his early life, connecting a woman, a hotel and a telltale register. The case is complete, excepting the woman's name; this the corporation rats are determined to find at any cost, as, without it, their evidence is comparatively worthless. Wanda Kelly, the shrewd little telephone operator of the hotel where the grafters meet in the Amen corner, discovers in the execution of her duties, the name of the woman; but, with a loyalty that, with her, borders on religion, refuses to reveal. The many agencies brought to bear upon her, the various tricks, extortions and threats that she is subjected to, disclose a character that is without a parallel on the American stage.

The "Hello" girl does not betray her secret. The "Mullins" bill is defeated, and the play ends with one of those exquisite touches of artistry for which Mr. Belasco is famous.

The cast is identical with last season's, and includes Marjorie Wood, Marion Barney, James Seeley, Hallett Thompson, Howell Hansel, and others.

"SPEED" AT THE BURNS

A comedy in three acts by Lee Wilson Dodd is the current bill at the Burns for the week beginning Tuesday, November 12. It is one of the latest comedy successes and has just been released for stock purposes. Its first production was given at the Comedy theater, New York, on September 3, of last year, so it is just entering upon its second year. Its use for stock will be short lived, however, as the rights to it have just been purchased by Margaret Anglin, and it has been withdrawn from stock, so the Burns production will probably be the last production of this comedy until it is released again. Mr. Hawkins, manager of the Burns, is congratulating himself on putting his bid in before its withdrawal from stock. Its future productions will no doubt be given by road companies at 2 prices.

"Speed" is intended for laughing purposes, for it concerns only the incidents of the mania for riding at top speed and the first purchase of a new automobile of higher power to replace the one destroyed in a joy ride. In reality

REAL ESTATE MEN LOOK INTO PLUMBING MEASURE

At the meeting of the real estate division of the Chamber of Commerce, held yesterday noon at the Adelia hotel, investigation of the new plumbing ordinance, which the master plumbers of the city oppose, was ordered by the judiciary committee of the division, and a conference will be held with the city commissioners and the plumbers in a few days. A written protest was received by the division from the plumbers, who object strenuously to the appointment of an inspector to superintend the work of the plumbers, and the work of the plumbers is to be torn up. The workmen claim that the employment of such an official is unnecessary.

A report of the committee will be heard at the next meeting of the division. It is a satire on speed-man people and the question of automobiles for people who can't afford them. Our young dramatists are busy with the material that lies about them and no longer leaving out the initiative of the foreign stage. It may easily happen, however, that too much haste may be had in the preparation of obvious opinions. A flying machine play failed because it was not properly geared up—other plays on new subjects have been launched too soon—a score of suffragette plays have been seeking production and the cry for novelty is spurring writers on. Mr. Lee Wilson Dodd's comedy, "Speed," is the first exclusively automobile comedy to be set going and has made one of the biggest hits of recent years.

BIG TIME AT CHAMBER MEETING LAST NIGHT

At the November meeting of the Chamber of Commerce last night the nominating committee that will have charge of selecting names for the five vacancies on the board of directors and for the board of control was selected as follows: Frank A. Perkins, Ira Harris, S. J. Giles, E. J. Eaton, J. G. Dorn, Dr. F. A. Faust and E. D. Marr. This committee will select 10 names within 15 days to be placed upon the official ballot for directors and 40 names for membership on the board of control. The election will occur December 12. A group of 25 members can place another ticket in the field if they desire, according to the constitution of the chamber.

The members of the board of directors whose terms expire and who by the constitution are not eligible for reelection are: D. F. Carpenter, Professor William A. Strieby, H. H. Seidomridge, E. A. Puffer and Dr. P. O. Hanford.

Following the business session an entertainment was provided by the special committee consisting of readings and a characterization by Lloyd Shaw. A "home products" supper, a unique affair ended the evening. The supper consisted of a chile spread supplied by the Stokes Chile factory and cider by the McKinnay-Roberts company, both new industries in this city. Colorado Springs-made cigars were also supplied.

The meeting was well attended, more than 100 being present. Vice President W. H. Spurgeon presided.

WILL SPEAK AT GRAND JUNCTION CONFERENCE

Prof. R. H. Motten of Colorado college and Fred W. Ware, secretary of the college, T. M. C. A., leave tomorrow for Grand Junction, where they will address the western slope Y. M. C. A. conference, to be opened in that city Friday. Both Professor Motten and Mr. Ware will occupy Grand Junction pulpits Sunday.

A Rousing Appetite Is a Keen Delight

And What Is of Greater Interest, Stuart's Dyspepsia Tablets Enable the Stomach to Digest What ever Is Eaten

We all like to see the way healthy children devour their meals. Would we could all do the same! Eating ought to be a delight. It is one of life's chief enjoyments. People who cannot relish a good meal are apt to fall into those ill-tempered moods from which they view the world as a sorry place to live in. Selective learn to employ the best means of harmonizing our existence and thus extract from our daily grind all the pleasure there is to be had. This we can do by keeping our stomachs in prime active working order.

A majority of people have come to know the blessings which an occasional use of Stuart's Dyspepsia Tablets confer upon the stomach. They are unquestionably the most popular remedy known for the reason that dyspepsia is the national disease and these wonderful little tablets have long since acquired a national reputation as a thoroughly reliable and efficient cure for all forms of dyspepsia and indigestion.

No matter how great the excess of food taken into the stomach one or two of these tablets will digest every particle of it. A package of Stuart's Dyspepsia Tablets should always be in the house. Many a person has saved himself from a serious attack of acute indigestion by using them after heavy meals, such as are eaten Christmas, New Year's, Thanksgiving and other holidays and festive seasons.

After attending banquets, late supper, heavy fancy dinners, after-theater parties, etc., where one has dined sumptuously and luxuriantly, Stuart's Dyspepsia Tablets should invariably be used, as they digest the food perfectly and completely, and prevent all possibility of dyspepsia, which, without their use, is more than likely to ensue.

Americans are exceedingly fond of the good things of life, and there is apt to be great excess of eating, and the only way to overcome its bad effects on the stomach is to employ a powerful and efficient digestive such as Stuart's Dyspepsia Tablets, which always insure a good digestion.

Obtain a 50c box from your druggist today.

UPSET STOMACH AND INDIGESTION

Hearthburn, Gas, Sourness or Dyspepsia ended in five minutes with "Pape's Diapiesin."

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach.

Please, for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it, enjoy it, without dread of reaction in the stomach.

Diapiesin belongs in your home anyway. It should be kept handy, should one of the family eat something which doesn't agree with them or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night it is there to give the quickest, surest relief known.

'TWO OF THE FINEST' MAKE BIG SALE OF TICKETS FOR POLICEMAN'S ANNUAL BALL

Within four hours yesterday Patrolmen Pollock and Toops sold 115 tickets for the sixth annual ball of the Policemen's Relief association to be held in Temple theater Thanksgiving night, November 28, attesting the wide popularity of the event. This record-breaking sale was made without soliciting any of the big interests of the city, and was confined exclusively to individuals. When the large firms are solicited it is expected that the sale will reach beyond all expectations.

G. W. MUSSER NEXT CHIEF JUSTICE SUPREME COURT

A Colorado Springs man, Judge John Campbell, is now chief justice of the state supreme court and another former resident of this city, Judge George W. Musser, is to be chief justice of that court when Justice Campbell retires at the end of the present year. Fully Scott will take Campbell's place as justice because he defeated him at the election November 5, but Musser, because of all the judges in the court he has the shortest time yet to serve before his term expires, will become chief justice. This is in accordance with a constitutional provision. Justice W. H. Gabbert, who has four years left of his term, will succeed Musser as chief justice two years from now. When he retires December 31, Justice Campbell will have served 19 years on the state supreme bench, a longer time than any other person who has sat in the court. He has served two terms as justice of the court, being first sent there when the terms were nine years long. He was re-elected at the end of his first term, but the terms had been lengthened to 10 years in the meantime.

NEW AUTO AMBULANCE

A new 40-horsepower, thoroughly modern, private automobile ambulance has been purchased by Dr. Evans, Carrington and Sons, to replace the one drawn by horses. The machine is electric lighted and can attain a speed of 60 miles an hour. It contains two swinging seats, but could accommodate more patients if necessary.

WEEK OF PRAYER SERVICES

The Rev. W. W. Rainey will address the noon meeting today at the Crystal theater in the observance of the week of prayer, being conducted by the Y. M. C. A. The Rev. E. L. Crane of Denver will sing. The meeting yesterday noon was well attended, and the Rev. J. H. Spencer of the First Baptist church gave the sermon. The meetings are being held from noon until 12:30 o'clock.

with tight fitting lids and in the really clean cities these receptacles are required to be cleaned regularly.

The Smoke Nuisance

In a number of cities the "cleanup" crusade also includes attention to the smoke nuisance, as it is generally conceded that the smoky city can never be a clean one. In St. Louis, the city was distracted into localities embracing about five square blocks, and volunteers gave reports as to the smoky chimneys in their districts. One of the public spirited citizens came forward with open purse saying he had \$50,000 to spend if necessary to make St.

Louis a clean city. A lawyer was employed with six smoke inspectors to supplement the work that was already being done in the city, for the state had a good law affecting the subject and the difficulty was due to its non-enforcement. The reports made by the volunteer reporters in the different districts were followed up, and when necessary offenders were brought to court and forced to comply with the law. The women's organizations were a potent force in bringing about the cleanliness of St. Louis, but they received the hearty cooperation of the city departments. The Business Men's Association, the Million Club and the great majority of the private citizens. Clean water is recognized as a most important detail in a thoroughly clean city. In all parts of the country interest is being taken, not only in the quantity of the water supply, but also in its purity and quality and the economy with which it is being provided to consumers. During the past month a municipal water conservation exhibit has been held in Philadelphia in a courtyard of the city hall, which has been in some respects the most noteworthy affair of its kind ever attempted in the country. The exhibit included photographs and plans of different pumping and filtration plants, supply water to the city, together with models of them. There were a number of booths showing all collections of water saving and saving devices, an interesting collection of up-to-date plumbing fixtures, valves, spigots, pipes, and meters. The exhibit was a great success, with Charles calling attention to the fact that with washers on spigots and replaced, thus saving the waste millions of dollars of the city's water each year, were shown, with every device and apparatus which could be brought referring to the subject. In addition to these lantern slides introduced to illustrate each phase of water conservation. Tomorrow—THE PARENT-TEACHER ASSOCIATION.

Serious Costly Sickness

is far too sure to come when your bodily strength has been undermined by the poison of bile. Headaches, sour stomach, unpleasant breath, nervousness, and a wish to do nothing are all signs of biliousness. Signs, too, that your system needs help. TIGERS TO INVADE MORMON CAPITAL; LEAVE TOMORROW

Team Given Light Work and Will Be in Fair Shape for Battle Saturday

Twenty Tiger gridiron warriors accompanied by Coach Hageb, Assistant Coach Cort, Manager Thomas Lynch, Jr., C. Patterson, city ticket agent of the Rio Grande railroad, E. Henry Smith, as referee, will leave Colorado Springs tomorrow morning at 11:35 for Salt Lake City, where the out-of-town game will be played at Utah university Saturday afternoon. The team arrives at Salt Lake Friday night and will leave Saturday night after the game and will be Sunday night. The entire squad will make the trip and believed that the majority of the team will be given a chance to get the game.

A demonstration is being planned by the students tomorrow morning, to the Tigers a rousing send-off. Two days ago the C. C. rooters made his at the institution when they sent team to Utah and the Tigers won.

Outcome Uncertain.
The outcome of the game is most uncertain. Usually the Tigers play best football of the season against Salt Lake but with a team composed of raw material it is not known what will occur this year. The field is said to be considerably better than Washburn. The team is rounding into trim for a battle that will be harder than those of the last two Saturdays. Utah defeated the Mines and out-

SPRINGS BOY CAPTAIN STATE "SOPH" ELEVEN

BOULDER, Colo., Nov. 12.—Paul V. Smith of Colorado Springs was today elected captain of the sophomore football team of the University of Colorado, which will meet the freshmen here on Saturday. The sophomores are practicing constantly, and under the leadership of Smith expect to defeat the first-year men.

THE GREATEST OF MODERN GRIDIRON HEROES.
Charley Brickley, the wonderful halfback of the 1912 Harvard varsity eleven. Brickley is, without doubt, the greatest all-around player intercollegiate football has developed in many a year. As a kicker he is without an equal this season, and he showed his plunking ability against Princeton, in which he never failed to make his distance when sent through the line.

BULLDOG AND TIGER READY FOR BIG GAME

PRINCETON, N. J., Nov. 12.—A day of hard scrimmaging worked the Princeton eleven's endeavor to prime up for Saturday's football game with Yale. For almost an hour and a half, Coach Cunningham had the varsity men lined up against scrubs in the hardest sort of a game, but the best the regulars did was to run up a tie score against their opponents.

The regulars were in the lineup, and Peckleton being at left halfback, "Hobbs" Baker and Earl Waller being at right half back.

FUSE JOHNSON'S \$40,000; SEC'Y. OF NAVY APPEALED TO

CHICAGO, Nov. 12.—United States Senator Carpenter today refused to accept \$40,000 cash bail for Jack Johnson, champion pugilist, confined in awaiting trial on charges of violating the Mann act.

The \$40,000 bond was offered by Johnson's counsel. When it was refused, the lawyers announced that new ties would be offered tomorrow.

MACK TIROWS SCOLLS EASILY

Jimmie Mack defeated Young Scoles of Colorado Springs last night at the Caledonian hall, pinning Scoles' shoulders to the mat twice in 17 minutes of actual wrestling. Mack took the first fall in 12 minutes with a cradle hold, the second in six minutes with the same hold.

The match showed that the amateur has no chance against the professional when it comes to the mat or ring game. Scoles showed to the best advantage during the first few minutes, but when the pace began to stiffen Mack was the master of the situation at all times.

Sliding Salary Scale Proposed for the Minors

MILWAUKEE, Nov. 12.—A sliding scale salary limit probably will be adopted by the national session of minor leagues, it was said here tonight by magnates who had discussed the matter at the brief opening session of the association's annual meeting today.

According to a plan informally reached, a limit for each league, graded according to its class, will be proposed and after some possible adjustment of detail will become a rule, the magnates predicted.

JOE WOOD LEADS AMER. PITCHERS

CHICAGO, Nov. 12.—Although Joe Wood, the hero of the world's series, tops the list of pitchers in the 1912 American league averages, issued tonight, Walter Johnson of the Washington club, probably is the leading pitcher of the season.

In games won and lost, Wood excels Johnson, but the Washington pitcher worked in seven more games than did Wood. Johnson struck out 303 men in 386 innings—the season's record, and held 1,312 opposing batters to 89 runs. Wood pitched 344 innings in 43 games during which 104 runs were scored off him. He struck out 253 batters. The Boston pitcher won 34 out of 59 games, while Johnson won 32 out of 44, besides playing two ties.

Edward Walsh of the Chicago club, was the "work horse" of the season. He pitched in 62 games, 12 more than any pitcher in the league.

Wood, who was the American league's greatest distributor of goose-eggs last season, blanked five of the seven teams that faced him, Cleveland and Philadelphia alone escaping. Smoky Joe White washed the Highlanders thrice, the Nationals, Browns and White Sox each twice and the Tigers once. Three of the Bostonians' wins were marked by the narrowest possible deciding score 1 to 0—the pitchers he conquered being Walter Johnson, who, like Wood, stood well up in the voting for the Chalmers trophy; Edgar Willett and George McConell.

When Wood kept the Tigers from the plate he had to toll for 11 innings and then a fumble by Jim Delahanty was of great assistance to the Red Sox in getting their one run.

Wood was the lone American leaguer to reach double figures in white-washes. Walter Johnson of the Nationals was the runner up to Wood in using the brush. Ed Walsh of Chicago reached third another Eddie—the left-handed Plunk of Philadelphia—being No. 4.

Sneaky Strategy Hurts Football Say Veterans

NEW YORK, Nov. 11.—Veteran followers of football can remember the time in the old days when possession of the ball meant so much that a full-back could run back 10 or 20 yards and keep the ball for a first down. McEldie of Yale once sprung this strategy on Harvard, thus taking advantage of the opportunity to keep the ball in Yale's possession, which, as the rules then were worded, could be done.

Some criticism was made of the play on the ground that it wasn't the most sportsmanlike procedure in the world. Recently there has turned up a play of a similar nature having to do with the forward pass. The passer, when he sees he is being crowded or his receivers are covered, merely flings the ball two or three yards in front of him. If it isn't the fourth down his side keeps the ball and puts it in play at the spot of the preceding down.

"SMOKY" JOE WOOD, Who leads the American league twirlers. Wood pitched phenomenal ball all season, but did not shine so brilliantly in the world series as did Reddy. Walter Johnson is next to Wood in the American list.

DAHLEN SIGNS WITH INFANTS
NEW YORK, Nov. 12.—The predictions that Bill Dahlen would manage the Brooklyn team in 1913 were verified today when President Charles H. Ebbets, backed up by Director Edward McKeever, announced that "Red Bill" had signed a one-year contract.

1912 FATAL FOR CHAMPIONS AND NEAR CHAMPS OF RING

The year 1912 will go down in the annals of boxing as a most disastrous one to champions and near-champions. In the championship class Abe Attell was the first to get into trouble, and he lost his crown to Johnny Kilbana after 20 rounds of milking, in which time the Cleveland streak always had a safe lead.

Attell has since proved by two or three very indifferent fights that he has gone back past all hope of ever figuring again in the championship ranks. He was a wonderful pugilist in his day, and it will be years, if ever, before we see his equal in his class again. In his prime the present crop of featherweights would have been duck soup for him, and he held his title longer than any world's championship was ever held.

Ad Wolgast was the second title holder to have a narrow escape. This was his own fault, however, as he agreed to fight one of the hardest contenders in his division six months after his operation. He managed to retain his title through an unprecedented mix-up at the finish, in which the referee declared him the winner. Immediately after he went to his corner and collapsed, and everybody who saw the fight knows that if it hadn't been for the technicality that gave him the decision he would have been unable to go on.

COLUMBIA FOOTBALL BOGEY APPEARS; SAY MEN LEAVE SCHOOL

NEW YORK, Nov. 12.—The football bogey has turned up at Columbia again this year, and the annual demand for the reestablishment of the game on Morningside heights has been issued by the Spectator.

This time the lack of football is blamed for the poor material that has been reported to the coaches of Columbia's teams, and a recent graduate who has voiced the complaint sees no hope until football is restored. Without football big men cannot be expected to come to Columbia, and it is big men who are needed to support every form of athletics.

"Apparently the percentage of big men at Columbia today," says the Spectator, "is woefully small and we trace this condition directly to the abolition of football. It can hardly be expected that powerful athletes who give promise of successful college athletic careers, will waste, from their point of view, their four best years at an institution where there is no football team to make."

Coaches, captains and managers, may make their complaints and issue their calls for big men year in and year out, but it will only be so much energy wasted. The abolition of football at Columbia may or may not be considered beneficial, but one thing is certain—it will hardly serve as an incentive to big men to enter and try for our teams—those big men we apparently need so badly."

Strange to say, it has been discovered that after football was abolished the average weight of Columbia's varsity men increased, and the crews have been heavier than in the period when football was played, until last spring, when the average slightly fell.

As to the opposing side where the bull comes the side line, and acts exactly as a kick that goes out of bounds. This, also, is being objected to as contrary to the spirit of the rules, but just where it is any more so than kicking out of bounds, is not clear. Kicking of that sort is often good strategy, but perhaps it is considered that kicking is a sportier proceeding because the pass could be done easier and also because, possibly, it never was intended that a forward pass should be so employed.

George Brooke, who is being mentioned prominently as the next coach at Pennsylvania, was a player of the first magnitude in the early '90s, and since then has met with much success coaching Swarthmore. He was one of the best kickers football ever has known and an all-American back of Walter Camp selection. Bull, Woodworth, Wharton, Gilbert and Kilgus were teammates. Since they have been coaching Brooke and Hollenback, the Penn State coach, have been very active in humbling their alma mater. However, that's part of the game. George Foster Sanford did it to Yale when he was coaching Columbia, and there have been other cases.

The record for unbroken victories of one college over another is held by Chicago, and at the expense of Purdue. The Maroons have won 11 straight from Purdue. There was a tie game in 1901, but not since 1894 has Purdue beaten Chicago.

The Sanitary Dairy took three games from the Cuesta Rey five, on the Overland alleys, last night:

MINES PLAY D. U. AND U. C. KANSAS AGGIES SATURDAY

There will be but one college game in Colorado Saturday; that between the Mines and Denver at Broadway park. Boulder will meet the Kansas Aggies at Manhattan, Kan., and the Tigers will play at Salt Lake.

Denver has shown steady improvement in the last few games, but the fact that freshmen were played makes the regular Miners an uncertain quantity against the Mines. It is believed that the Blue will win and that they will use practically the same tactics that were sent against the locals with disastrous effects to the Tigers.

Boulder will miss Hartman against the Kansas farmers as it will against the Mines a week later. The snappy captain-quarter of the varsity has played his last football game this year, say the surgeons. The Kansas Aggies are strong and the Boulder team may be badly battered for the Mines contest.

YALE FIELD WILL BE GREATEST IN NATION

NEW HAVEN, Conn., Nov. 12.—Plans have been completed and work started on Yale's new athletic field, which is to be laid out and equipped at a total cost of \$700,000. The most interesting and notable feature of the great playground for Yale men is to be the coliseum, a concrete to seat 60,000 persons. This is planned so that it may be extended to seat 100,000 persons if desired. The structure will cost \$300,000. In addition to the coliseum there are to be erected combined track and baseball stands to cost \$150,000 and a club house to cost \$100,000. The new Yale field is directly across Derby avenue from the old field. The proposed coliseum is to be a semicircular type, 25 feet below ground and 35 feet above ground. It is proposed to remove the loam from the territory to be covered by the field and stands, then to excavate the material from the field and use it for constructing an embankment; the inner slope to be cut into steps with a tread of 27 inches at the bottom to about 15 inches at the top, each riser being about three thirty-seconds of an inch higher than the one below it. These steps are to be protected by a granolithic covering like a sidewalk and curb. On these are to be built wood benches with a back, and a roof rest to raise the feet from the concrete.

The outside of the embankment is to be made on a slope of one on two, covered with loam and seeded to grass. The entrance under the seats to the field itself is to be through a wide reinforced concrete tunnel made on a slope from the ground outside the embankment to the field; the entrance to the seats is to be made with smaller reinforced concrete tunnels arranged around the stands and running in level from the surrounding grounds and terminating at an angle about the middle of the height of the stands.

Besides the provisions for football, there is ample room in the newly acquired property for tennis and squash courts and many other football gridirons and baseball diamonds. Intercollegiate baseball will still be played on the old Yale field on the south side of Derby avenue, and here a modern covered baseball stand to seat 20,000 to 25,000 will replace the present old wooden structure. The coliseum will be ready for the football games of 1913.

ENGLISHMEN BUY PONIES
SAN FRANCISCO, Nov. 12.—Titled British polo players, enamored of the California ponies they saw in action here last season, have purchased 13 high-priced mounts for use in the east and in England. Harry Hastings, one of the crack Hillsboro players, cabled from London that he has sold 10 ponies at high prices. Richard Tobin, another member of the Hillsboro million-dollar colony, announces that he has sold three of his ponies for use on eastern fields at from \$2,000 to \$3,000 each.

Are You a Woman?

Baltimore, Md. Mrs. W. H. Ison, at 1419 East Madison street, writes: "For several years I suffered, off and on, from female troubles until finally I was taken down and could do nothing. The pains I experienced, I shall never forget. I lost weight till I was only skin and bones. I believe I would have been in my grave if I had not tried Cardui. I shall praise it as long as I live. Many women, like Mrs. Ison, are weak and discouraged, on account of some painful ailment. Are you one of these sufferers? Cardui will help you. Try it today. Any druggist."

News of Local Courts

Suit for \$67.24 for building material was filed yesterday in the district court by the Newton Lumber and Manufacturing company, against David Hewitt, R. L. Deal, trustee, and W. A. McCutcheon and J. P. Hulford, public trustee.

E. A. Sawyer and William Garstin of the firm of Sawyer & Garstin, civil engineers, yesterday filed a motion in the district court asking for a change of venue of their suit against E. A. Norton to the county of Denver. They seek judgment for \$750.00 for services alleged to have been rendered to Norton. The motion for the change of venue will be heard next Monday.

T. Woodward, yesterday in Justice Sawin's court, at Manitou, pleaded guilty to abusing a horse and was fined \$10 and costs. He was arrested by Humane Officer Reynolds.

Police Magistrate Starrett yesterday took under advisement the proceedings against Richard Chouah, charged with running his automobile on the wrong side of the street.

For running his motorcycle with the muffler open, S. Bevil was fined \$2 in police court yesterday. J. H. Father was fined \$2 for driving his team on the wrong side of the street.

V. McCarley was arrested yesterday afternoon by the police, and probably will be charged in a justice court warrant with larceny as a bullock. It is claimed that he borrowed a gold watch from a woman and failed to return it.

Personal Mention

R. A. Cheley and daughter, Miss Clara Cheley, have returned from a seven weeks' trip in Canada and the east.

Mrs. Blitnik and daughter of New Mexico have taken apartments at the Acadia hotel for the winter.

Alex. Campbell, traveling passenger agent for the Salt Lake route, is quartered at the Acadia hotel.

Mrs. P. J. Dugan, Mr. and Mrs. C. W. Daniels and Mentor B. Daniels, prominent Pueblo people, spent the Autumn while visiting in Colorado Springs for a few days.

W. A. Treiberg, of San Francisco is a recent arrival at the Acadia hotel.

Colorado City DEPARTMENT

Douglas Fine Chocolates for those who care, at C. M. Sherman. Ad.

A meeting of the Colorado City Democrats will be held at the office of Brewster and Bryant this evening.

S. B. Wilson, 417 Washington avenue, was notified by telegram yesterday morning of the death of his daughter.
